

HOW TO *Love* YOUR *Living Room*

By k.a. murphy interiors | Interior Design Experts

It is said, if you want to learn about someone's design aesthetic, look to one of the most frequented rooms, the living room. This room can set the tone for the rest of the home and provides a great space to try new things. We have compiled images of our favorite living room designs - from bold colors to warm neutrals, each one an inspiration. Every room, thoughtfully designed, each with its own unique character. At k.a. murphy interiors, we believe that home is your memory maker and after the year we have all had, this can't be truer. How does your living room define your style?
